

Muscle and Joint Pain? Airrosti Can Help!

Airrosti care is an in-network benefit!

Two Effective Care Options:

In-Person Care

Care starts with a thorough evaluation to find the cause of your pain. An accurate diagnosis is the key to create a custom treatment plan that will be successful for you. Effective hands-on manual therapy and prescribed exercises will help you get out of pain and stay out of pain.

Virtual Care

With Airrosti Remote Recovery, you will receive the same quality care but with convenient remote access. You will get a detailed visual evaluation, a comprehensive diagnosis, and a custom treatment plan – all delivered through a user-friendly app. The Remote Recovery Kit will help you recover faster with guided manual therapy movements and prescribed exercises to help you stay out of pain.
